

Materials List and Safety Dress Code: Construction/Industrial Electrician (Pre-Employment)

Construction/Industrial Electrician is a highly skilled profession, one that requires safety and attention to detail. Academy Canada is committed to training students in a learning environment that is safe and supportive of the needs of the student as well as academically sound in content and delivery. Academy Canada provides a professional atmosphere that emulates the workplace. We expect the same professionalism from our students. The following is a breakdown of the required dress code and materials needed.

Students are required to purchase the materials below:

Important: DO NOT make any purchases prior to consulting with your instructor.

Notes

1. It is recommended that you not purchase tools/supplies until after you meet with your instructors. This also applies to purchasing used textbooks.
2. Further purchases may be required. Please verify with your instructor.
3. Most of the items listed above can be purchased from Guillevin International, Rideout Tool and Machine or Acklands-Grainger.
4. In addition to the above, textbooks also have to be purchased for some courses.
